Introduction

The AfCFTA e-Tariff Book is the initiative of the AfCFTA Secretariat to digitalise and facilitate trade. The purpose of the AfCFTA e-Tariff Book is therefore to facilitate trade by ensuring that information regarding the effective tariff rates in the AfCFTA is easily accessible in order to assist stakeholders.

While the information in the AfCFTA e-Tariff Book will be convenient, traders are advised to note that the legal authority for the implementation of tariff concessions will be submissions by the AU Member States and Customs Unions as stipulated in Annex 1 of the Protocol on Trade in Goods regarding the Schedules of Tariff Concessions together with the rates as gazetted in the respective national legislation.

Traders or interested parties are therefore advised to confirm the gazetted rates with the Customs administrations or national authorities.

The e-Tariff Book is available online at etariff.au-afcfta.org.

Queries can be address to the AfCFTA Secretariat at customs@au-afcfta.org or to Pedro Gomes Estevao at Pedro.Estevao@au-afcfta.org.

How to Search the AfCFTA e-Tariff Book

Searching the AfCFTA e-Tariff Book is as simple as selecting the country of export, the country of import and either a keyword or HS Code for the product you would like to view.

The search results will display the appropriate tariff concessions depending on LDC status of the exporting country.

Exporting Country

To start searching, first enter the country of export. Type the first few characters, and countries matching this will appear in the drop-down list. Select the applicable country.
